About RMB Industries, Inc

RMB Industries, Inc, was established in 2006 and is located in Anaheim, California. Cuffing baton technology represents the future of tactical batons. This technology will facilitate a fundamental change in law enforcement arrest and control procedures; Shifting toward control tactics and away from striking tactics. This shift will improve the public perception of law enforcement agencies and reduce the instance of litigation over claims of excessive force. For further information, visit www.rmb-industries.com.
